In exercise of the powers conferred by section 21 of the Madras City Municipal, District Municipalities and Local Boards (Amendment) Act, 1938 (Madras Act II of 1938), the Government in the notifications mentioned in column (1) of the Schedule below postponed the holding of ordinary elections in the panchayats mentioned in the corresponding entry in column (2) thereof. The provisions of section 9 of the said Act will in terms apply only to the panchayats elections to which were postponed under section 4 of the Madras City Municipal, District Municipalities and Local Boards (Amendment) Act, 1937 (Madras Act XV of 1937) and will not govern the fixation of the date of expiry of the term of office of the members of the panchayats referred to in the said Schedule, who were elected at the first ordinary elections held after the commencement of Madras Act II of 1938, as the elections to those panchayats were postponed under section 11 of the last mentioned Act; nor is there any provision under which the said term can be fixed. A difficulty having thus arisen in giving effect to the provisions of Madras Act II of 1938, the Government of Madras, in exercise of the powers conferred by section 11 of the same Act and of all other powers enabling them in that behalf are hereby pleased to order that the term of office of the members of the said panchayats shall, subject to the provisions of sections 16, 45, 45-A, sub-section (2) of section 54, and sections 55, 57 and 59 of the Madras Local Boards Act, 1920 (Madras Act XIV of 1920), extend to or expire on the noon of the 1st November 1940.

R. M. STATHAM,
Director of Public Instruction.

Madras, 18th November 1938.

UNIVERSITY OF MADRAS.

NOTIFICATION.

INSTRUCTIONS TO CANDIDATES APPEARING FOR THE EXAMINATIONS TO BE HELD IN 1939.

Candidates for University Examinations are required to observe the following instructions very carefully :—

1. Strict silence should be maintained in the examination room.

2. Candidates should take their places in the examination hall at least five minutes before the time fixed for giving out the papers. Candidates presenting themselves more than half an hour after the appointed time will not be admitted to the examination hall. Candidates who are undoubtedly suffering from infectious diseases of any kind will not be admitted.

Candidates should bring with them to the examination hall, each day of the examination, their hall tickets for inspection by the Chief Superintendent.

3. Candidates are prohibited from writing upon their hall tickets or question papers. Candidates are also prohibited from writing their names on any part of their answer books, but their register numbers should be written very distinctly on the outer cover of each. Failure to write their register numbers may involve the rejection of answer papers.

4. Candidates are not allowed to exceed the time assigned to each paper.

5. No candidate will be allowed to leave the examination room till the expiry of at least half an hour after a question paper has been given out; and no candidate who leaves the room during the period allotted for a paper will be allowed to return within that period.

6. *Candidates are forbidden to ask questions of any kind during the examination. They are further forbidden to communicate with the examiners; should they do so their answers will not be valued, and their conduct will be reported to the Syndicate for disciplinary action.*

Candidates are strictly prohibited from smoking in the examination room.

7. CANDIDATES ARE NOT ALLOWED THE USE OF BOOKS OF ANY KIND (EXCEPT AS PROVIDED IN RULE 8). THEY ARE ALSO PROHIBITED FROM INTRODUCING INTO THE EXAMINATION ROOM ANY BOOK OR PORTION OF A BOOK, SLATE, MANUSCRIPT OR PAPER OF ANY DESCRIPTION, FROM COMMUNICATING WITH OR COPYING FROM EACH OTHER, AND FROM COMMUNICATING WITH ANY PERSON OUTSIDE THE EXAMINATION ROOM. ANY CANDIDATE DETECTED IN THE VIOLATION OF THESE RULES WILL BE SENT OUT OF THE ROOM FORTHWITH, AND HIS CONDUCT WILL BE REPORTED TO THE REGISTRAR.

The use of stencils at University examinations is not permitted except to students answering papers in Mathematics. The use of mathematical instruments whilst answering papers in Mathematics and in Physical Science will be allowed. Such instruments will not be supplied by the University.

8. Clarke's Mathematical and Physical Tables will be supplied to candidates offering Mathematics, Physics, Chemistry, Geography, Electrical Engineering and Mechanical Engineering of the Intermediate Examination, B.A., B.Sc., B.A. (Honours), B.Sc. (Honours), M.A., B.Sc., B.Sc. (Ag.) and B.V.Sc Degree Examinations and Pre-registration Examination only.

An "earnest" fee of an amount equivalent to the cost of a copy of Mathematical Tables should be deposited with the Chief Superintendent by each student requiring the use of such books, the amount to be refunded on the book being returned. The cost price of each book is nine annas.

9. Candidates for examination in science subjects are required to submit their laboratory note-books both in the main and in the subsidiary subjects to the Examiner concerned on the first day of the practical examination and to get them back at the close of the examination. *This instruction applies only to candidates appearing from colleges.*

10. Candidates are required to provide themselves with their own pens. Candidates may bring into the examination hall their own ink bottles. They must, however, use only black ink while answering their question papers.

11. Particular attention is invited to the instructions regarding rough working and loose sheets of paper printed on the answer-books. All rough working must be shown on the left hand page of the answer-books themselves. No separate books for rough working will be supplied to candidates. Paper must not be detached from the answer-books of candidates. If the ordinary answer-books are found insufficient, additional books will be allowed and these should be securely fastened to the answer books.

12. AS SOON AS CANDIDATES HAVE FINISHED WRITING THEIR ANSWERS, AND WISH TO GIVE UP THEIR ANSWER-BOOKS, OR AT THE END OF THE PERIOD PRESCRIBED FOR EACH PARTICULAR PART OF THE EXAMINATION, EACH SHOULD STAND UP IN HIS PLACE AND REMAIN STANDING UNTIL ONE OF THE SUPERINTENDENTS HAS COME UP TO HIM AND HAS RECEIVED HIS ANSWER-BOOK FROM HIM.

Where the halls are suitable the following alternative procedure may be adopted : At the end of the period prescribed for each particular paper the candidates should at once fold their answer-books, leave them as evidence at their places, vacate their seats, retire to the passages between the tables and move out of the hall in order and in silence, the Superintendents being meanwhile stationed in position from which they may command a good view of the blocks entrusted to their care; when all the candidates have moved out the Superintendents will collect the answer books.

13. COMMUNICATIONS TO THE REGISTRAR FROM CANDIDATES REQUESTING INFORMATION RELATING TO THE RESULTS OF EXAMINATIONS WILL NOT RECEIVE ATTENTION UNTIL AFTER THE PUBLICATION OF THE RESULTS IN THE *Fort St. George Gazette*.

14. ALL MUFASSAL CANDIDATES MUST OBTAIN THEIR HALL TICKETS FROM THE CHIEF SUPERINTENDENTS OF THE RESPECTIVE CENTRES AT WHICH THEY ARE TO BE EXAMINED, DURING THE THREE DAYS BEFORE THE COMMENCEMENT OF THE EXAMINATION. CANDIDATES FROM COLLEGES IN MADRAS MUST OBTAIN THEIR HALL TICKETS ONLY FROM THE PRINCIPALS OF THEIR RESPECTIVE COLLEGES. PRIVATE CANDIDATES AND THOSE FROM MUFASSAL COLLEGES APPEARING FOR EXAMINATIONS TO BE HELD IN MADRAS MUST OBTAIN THEIR HALL TICKETS FROM THE CHIEF SUPERINTENDENTS OF THE CENTRES AT WHICH THEY ARE TO BE EXAMINED DURING THE THREE DAYS BEFORE THE COMMENCEMENT OF THE EXAMINATION. INFORMATION AS TO THE PLACES OF EXAMINATION WHERE THE CANDIDATES ARE TO BE EXAMINED IN MADRAS AND OTHER CENTRES WILL BE DULY NOTIFIED AT THE UNIVERSITY BUILDING, IN THE LOCAL DAILIES AND IN THE *Fort St. George Gazette*.

15. *No college student will be allowed to select a centre for his examination other than that in which the College he studies is situated except for satisfactory reasons and on the recommendation of the Principal of his College.*

10. *Candidates appearing at centres where they are not known must be prepared to satisfy the Chief Superintendents of such centres as to their identity. They shall also be required to place their signatures upon the identification certificates produced by them before the Chief Superintendents of the respective centres.*

3. The various classes have been stored in the sandalwood godown in quantities of 5, 10 and 15 tons for convenience, but the quantities so exposed will not constitute an actual lot for which bids will be accepted. Each class of wood will be offered for sale separately in quantities of 15, 10 or 5 tons or less to suit the convenience of bidders. Bids will be per ton of each class of wood.

The bids shall be advanced in multiples of rupees five per ton and not less.

4. The sale will be subject to confirmation by the Conservator of Forests, Coimbatore Circle, who does not bind himself to accept the highest or any bid.

5. Before being allowed to bid, each intending bidder must pay an earnest money deposit of Rs. 1,000. If paid in cash, immediately before the sale, this should preferably be in the form of Madras notes for Rs 1,000 or Rs 500. A receipted treasury challan for the amount will also be accepted. A cheque may be accepted for the amount at the discretion of the officer conducting the sale.

6. The earnest money deposit of unsuccessful bidders will be returned immediately after the sale is over, and that of successful bidders will be credited towards the first instalment of the purchase price.

7. Each purchaser shall, immediately a quantity is knocked down to him sign his name at the foot of the sale list, in the column provided for the purpose, and such signature will be held as an admission on his part of his having purchased that particular quantity and of having accepted the conditions of the sale notice. No person will be allowed to deposit and bid jointly at the sale.

8. Immediately the sale is over, each purchaser, if his offer for any definite quantity has been accepted by the Conservator of Forests, will be furnished with a memorandum showing the total amount due from him. He shall remit 25 per cent of this amount less the earnest money deposit into the Imperial Bank of India at Coimbatore or the Reserve Bank of India at Madras, within fifteen days of receipt of the order of confirmation of the sale and another 25 per cent before 28th January 1939, the balance of 50 per cent being paid on or before 3rd March 1939, or against delivery whichever is earlier. Should any purchaser fail to make the necessary remittances by the due dates the money already remitted shall lapse to Government and the District Forest Officer will be at liberty to resell the wood in question at the risk of the purchaser who shall be liable for any loss but shall not participate in any profit which may arise by the resale.

9. After 50 per cent of the entire sale value has been paid to the credit of the Forest department, delivery of the sandalwood may be made to the purchaser, provided that until payment has been made in full, delivery shall not exceed the quantity paid for less an amount equal in value to 25 per cent of the full purchase price.

The delivery will be by full lots at a time and no lot will be delivered by portions.

10. On the purchaser's presenting chalans as proof that 50 per cent of the entire sale value has been paid, a proportion of the wood purchased will be weighed in his or his agent's presence and the quantity handed over to him as provided for in condition 9 supra. If, however, proof is produced that the entire sale value has been paid the whole of the sandalwood purchased will be weighed and handed over. The purchaser must take delivery of and remove the whole of the wood sold to him on or before the 13th March 1939.

11. The accepted bidders, when deputing their agents to take delivery, must furnish each agent with a power-of-attorney duly stamped and bearing the signature of the person so deputed. Failing this, delivery may be refused pending verification, in which case the delay will count against the accepted bidder.

12. No further cleaning or classification of sandalwood will be undertaken by the Forest department nor will purchasers be allowed to clean any wood previous to weighment. The classification, cleaning and weighment as determined by the Forest department must be accepted.

13. After the wood has once been weighed and handed over, if the purchaser fails to remove all the wood within the weeks allowed in clause 10, demurrage will be charged at the rate of Rs 2 per ton per diem from the last date fixed for delivery until the wood is finally removed.

2. Tenders must be submitted in sealed covers, and should be addressed to the Executive Engineer, Guntur Division, Bezwada, the name of the tenderer and the name of the work being noted on the cover.

If the tender is made by an individual, it shall be signed with his full name and his address shall be given. If it is made by a firm, it shall be signed with the co-partnership name by a member of the firm, who shall also sign his own name, and the name and address of each member of the firm shall be given. If the tender is made by a corporation, it shall be signed by a duly authorized officer who shall produce with his tender satisfactory evidence of his authorization. Such tendering corporation may be required before the contract is executed to furnish evidence of its corporate existence.

3. Each tenderer must pay, as earnest money, a sum of Rs. 90 (rupees ninety) only into the branch of the Imperial Bank of India or into the Government treasury or sub-treasury within the jurisdiction of the Executive Engineer concerned to the credit of revenue deposits on behalf of the Executive Engineer of the Guntur Division, Bezwada, and enclose with his tender the chalan endorsed accordingly. The earnest money will be refunded to the unsuccessful tenderer, on application, after intimation is sent of rejection of the tender or at the expiration of two months from date of tender, whichever is earlier. This refund will be authorized by the Executive Engineer by suitable endorsement on the chalan. The earnest money will not be received in cash or currency notes by the Public Works Department officers, save on exceptional cases where there are no treasuries or banks within the jurisdiction of the officer calling for tenders. When currency notes are given, the tenderer should sign his name in full with date, on the back of all the currency notes given by him, whatever their denomination may be.

The earnest money will be retained in the case of the successful tenderer and will not carry any interest. It will be dealt with as provided in the tender.

4. When a tender is to be accepted, the tenderer whose tender is under consideration shall attend the Division office on the date fixed by written intimation to him. He shall forthwith upon intimation being given to him by the Executive Engineer of acceptance of his tender make a security deposit of Rs. 30 (rupees thirty) only in one of the forms prescribed in the Madras Public Works Account Code and sign an agreement in the proper departmental new lump-sum contract form for the due fulfilment of the contract. This security deposit together with the earnest money and the amount withheld according to clause 68 of the Standard Preliminary Specification of the Madras Detailed Standard Specifications will be retained as security for the due fulfilment of this contract. If a cash security deposit is made by the contractor he shall follow the procedure laid down in the preceding paragraph for payment of earnest money and such deposit will not bear interest. Failure to attend the Division office on the date fixed in the written intimation from such office or to enter into the required agreement or to make the security deposit as defined in this paragraph shall entail forfeiture of the earnest money.

5 The tenderer shall examine closely the Madras Detailed Standard Specifications, and also the Standard Preliminary Specification contained therein and sign the Divisional office copy of the Madras Detailed Standard Specifications and its addenda volume in token of such study before submitting his tender quoting rates which shall be for finished work in situ. He shall also carefully study the drawings and additional specifications and all the documents which form part of the agreement to be entered into by the accepted tenderer. The Madras Detailed Standard Specifications and other documents connected with the contract such as specifications, plans, descriptive specification sheet regarding materials, etc., can be seen at any time between 11 a.m. and 5 p.m. on office days, in the office of the Executive Engineer, Guntur Division.

6. The tenderer's attention is directed to the requirements for materials under the clause "Materials and workmanship" in the "Preliminary specification." Materials conforming to the British Standard Specifications shall be used on the work, and the tenderer shall quote his rates accordingly

7. Every tenderer is expected, before quoting his rates, to inspect the site of the proposed work. He should also inspect the quarries and satisfy himself about the quality and availability of materials. The names of quarries, kilns, etc., wherefrom certain materials are to be obtained will be given in the descriptive specification Sheet. The best class of materials to be obtained from the quarries or other sources defined shall be used on the work. In every case the materials must comply with the relevant standard specification. Samples of materials as called for in the standard specifications or in this tender notice or as required by the Executive Engineer in any case shall be submitted for the Executive Engineer's approval before the supply to site of work is begun. If the contractor after examination of the source of materials defined in the Descriptive specification Sheet is of opinion that materials complying with the standard or other specifications of the contract cannot be obtained in quality or sufficient quantity from the source defined in the Descriptive Specification Sheet, he shall so state clearly in his tender and state wherefrom he intends to obtain materials subject to the approval of the Executive Engineer.

The Government will not, however, after acceptance of a contract rate pay any extra charges for lead or for any other reason, in case the contractor is found later on to have misjudged the materials available. Attention of the contractor is directed to the standard "Preliminary Specification" regarding payment of seigniorage, tolls, etc.

8. The tenderer's particular attention is drawn to the sections and clauses in the standard "Preliminary Specification" dealing with—

(1) test, inspection and rejection of defective materials and work;

(3) construction plant;
(4) water and lighting;
(5) cleaning up during progress and for delivery;
(6) accidents;
(7) delays;
(8) particulars of payment; and
(9) responsibilities and liabilities of contractor.

The contractor should closely peruse all the specification clauses which govern the rates which he is tendering.

It shall be distinctly understood that the Government does not accept any responsibility for the correctness or completeness of this schedule, and that this schedule is liable to alterations by omissions, deductions, or additions at the discretion of the Executive Engineer, Guntur Division, or as set forth in the conditions of contract. The tenderer will, however, base his lump-sum tender on this schedule of quantities. He should quote specific rates for each item in the schedule, and the rates should be in rupees, annas and in sums of three pies. The rates should be written both in words and figures and the units in words. The tenderer should also show the totals of each item and the grand total of the whole contract and quote in the tender a lump sum for which he will undertake to do the whole work subject to the conditions of contract. This schedule accompanying the lump-sum tender shall be written legibly and free from erasures, overwritings or conversions of figures. Corrections, where unavoidable, should be made by crossing out, initialing, dating and rewriting.

10. Tenders offering a percentage deduction from or increase on the estimate amount, and those not submitted in proper form or in due time will be rejected. Rates or lump-sum amounts for items not called for shall not be included in the tender. No alteration which is made by the tenderer in the contract form, the conditions of contract, the drawings, specifications or quantities accompanying the same will be recognised, and if any such alterations are made, the tender will be void.

11. The tenderer should work out his own rates, without reference being made to the Public Works Department current schedule of rates or to the Public Works Department estimate rates which are not open for inspection by tenderers.

12. The price at which and the source from which certain particular materials shall be obtained by the contractor are given at the end of the schedule accompanying the tender form. Tenderers shall quote their price for finished work accordingly. No carriage or incidental charges will be borne by Government in connexion with this supply.

13. The attention of the tenderers is directed to the contract requirements as to the time of beginning work, the rate of progress and the dates for the completion of the whole work and its several parts. The following rate of progress and proportionate value of work done from time to time as will be indicated by the Executive Engineer's certificates of the value of work done, will be required. Date of commencement of this programme will be the date on which the site (or premises) is handed over to the contractor.

Period after date of commencement.	Percentage of work completed (based on contract lump-sum amount).
Three months	40 per cent.
Six months	100 ,,

14. No part of the contract shall be sublet without written permission of the Executive Engineer nor shall transfer be made by power-of-attorney, authorising others to receive payment on the contractor's behalf.

15. If further necessary information is required, the Executive Engineer of the division will furnish such, but it must be clearly understood that tenders must be received in order, and according to instructions.

16. The Executive Engineer or other sanctioning authority reserves the right to reject any tender or all the tenders without assigning any reason therefor.

17. No payment will be separately made for baling water from foundation and forming protective bunds, clearing jungle, at site and diversion of roads required during execution. The rates quoted by the tenderer must include the abovementioned charges.

STATEMENT OF OBJECTS AND REASONS.

Many municipal councils and local boards have obtained licences under the Indian Electricity Act, 1910, and are now

administering undertakings for the generation, transmission, supply and use of electrical energy. The Government consider it essential in public interests that they should possess the ultimate control over the management of these electrical undertakings. Power has accordingly been taken to make rules under the Act for prescribing the control to be exercised over municipal councils and local boards in regard to the matter—See new section 38-A proposed to be inserted in the Madras District Municipalities Act, 1920, by clause 2 (i) of the Bill and new section 10 proposed to be inserted in the Madras Local Boards Act, 1920, by clause 3 (i) of the Bill.

2. The opportunity has been taken to make some minor alterations in the two Acts :—

(a) Some doubt has been felt on the question whether the Government can take power to appoint municipal electrical engineers under section 76-A of the District Municipalities Act. This doubt has been removed by clause 2 (u) and (v) of the Bill.

(b) Power has been taken to appoint electrical engineers for local boards in view of the fact that some of them have already undertaken the generation, transmission and supply of electrical energy in their respective areas —See clause 3 (m) of the Bill.

(c) Section 68 (1) of the Madras Local Boards Act, 1920, strictly construed, may be held, to authorize the appointment of only one district board engineer and of only one district panchayat officer for a district board. Several district boards functioning in the same revenue district have been amalgamated, and some of the boards after amalgamation are too unwieldy to be effectively served by a single district board engineer or a single district panchayat officer. Again, the services of a second district board engineer or of a second district panchayat officer may be necessary in connexion with the execution of a specific work, etc. The Bill accordingly gives power in clear terms to appoint more than one district board engineer or more than one district panchayat officer, if necessity arises therefor—See clause 3 (ii) of the Bill.
